CONSENT TO CHIROPRACTIC TREATMENT

I hereby request and consent to the performance of chiropractic adjustments and any other chiropractic procedures, including examination tests, diagnostic x-ray(s) and physical therapy techniques, on me (or on the patient named below for which I am legally responsible) which are recommended by the doctor of chiropractic named below and/or other licensed doctors of chiropractic who now or in the future render treatment to myself while employed by, working for or associated with, or serving as back-up for the doctor of chiropractic named below.

I understand that, as with any health care procedure, there are certain complications which may arise during chiropractic adjustments. Those complications may include but may not be limited to: fractures, disk injuries, dislocations, muscle strain, Horner’s syndrome, diaphragmatic paralysis, cervical myelopathy, and costovertebral strains and separations. Some types of manipulation of the neck have been associated with injuries to the arteries in the neck leading to or contributing to serious complications including stroke. I do not expect the doctor to anticipate all risks and complications and I wish to rely on the doctor to exercise judgment during the course of the procedure(s) which the doctor feels at the time, based upon the facts then known, are in my best interest.

I have had an opportunity to discuss with the doctor named below and/or with office personnel the nature, purpose and risks of chiropractic adjustments and other recommended procedures and have had my questions answered to my satisfaction. I understand that the results are not guaranteed.

I have read or have had read to me the above explanation of the chiropractic adjustment and related treatment. By signing below I state that I have weighed the risks involved in undergoing treatment and have myself decided that it is in my best interest to undergo the chiropractic treatment recommended. Having been informed of the risks, I hereby give my consent to that treatment. I intend this consent form to cover the entire course of treatment for my present condition and for any future condition(s) for which I seek treatment.

3. For your convenience, our office accepts cash, checks, VISA/MC/AMEX/DISC.

Please also provide any change in policy or insurance carrier.**

HIPPA Patient Consent Form

The Department of Health and Human Services has established a "Privacy Rule" to help insure that personal health care information is protected for privacy. The Privacy Rule was also created to provide a standard for certain health care providers to obtain their patients' consent for uses and disclosures of health information about the patient to carry out treatment, payment or healthcare operations.

As our patient we want you to know that we respect the privacy of your personal medical records and will do all we can to secure and protect that privacy. We strive to always take reasonable precautions to protect your privacy. When it is appropriate and necessary, we provide the minimum necessary information to only those we feel are in need of your health care information about treatment, payment or health care operations, in order to provide health care that is in your best interest. **Your Personal Health Information (PHI) will never be given to any entity besides what is required for your treatment, payment and health care operations.**

We also want you to know that we support your full access to your personal medical records. We may have indirect treatment relationships with you (such as radiologists that only interact with physicians and not patients), and may have to disclose personal health information for purpose of treatment, payment, or health care operations. These entities are most often not required to obtain patient consent.

You may refuse to consent to the use of disclosure of your personal health information, but this must be in writing. Under this law, we have the right to refuse to treat you should you choose to refuse to disclose your Personal Health Information (PHI). If you choose to give consent in this document, at some future time you may request to refuse all or part of your PHI. You may not revoke actions that have already been taken which relied on this or a previously signed consent.

If you have any objections to this form, please ask to speak with our HIPPA Compliance officer.

You have the right to review our privacy notice, to request restrictions and revoke consent in writing after you have reviewed our privacy notice.
